EDUCATION

University of Toronto – St. George Campus

Bachelor of Science, Major in Computer Science and Statistics

Toronto, ON

Sep. 2023 – Present

Western Canada High School

International Baccalaureate and Alberta Diploma

Calgary, AB

Sep. 2020 – June 2023

EXPERIENCE

Band Leadership Executive

Western Canada High School

July 2021 – July 2023

Calgary, AB

- Planned concerts with 2,000+ attendees in the largest concert hall in Western Canada
- Managed weekly rehearsal logistics for 300 students
- Planned multiple casual community events with 100+ attendees
- Independently raised \$3,000+ for community events and merchandise

Financial and Marketing Specialist

Greetings, Ink. – Junior Achievement

Oct. 2023 – March 2024

Calgary, AB

- Co-founder of Greetings, Ink.
- Managed all financial records and operations executed by the company
- Created promotion videos and visuals to advertise the company through online platforms
- Made \$1,000+ profit, which was donated to Alberta Ecotrust

PROJECTS

Project Babel | Python, Whisper API

April 2024 – Present

- Developed a real-time voice chat translator that transcribes the translated speech on an overlay
- Auto-detects the input language from the 57 supported languages, and outputs in the desired language
- Designed a minimalist modern UI to maximize accessibility for those without programming knowledge
- Used Whisper by OpenAI as the speech recognition and translation model

Simple LLM | Python, Jupyter Notebook

Dec. 2023 – Jan. 2024

- Developed a large language model from scratch following the paper "Attention is All You Need"
- Autocompletes/lengthens the input with the most relevant text, based on its trained data
- Will make it capable of answering questions by training the model on data in the form of question and answer
- Used numpy, pandas, pickle, matplotlib, and tensorflow library for machine learning
